Detective Daniel Clevenger
Fairlawn Police Department
3487 S. Smith Rd.
Fairlawn, Ohio 44333

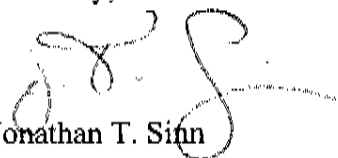

Dear Detective Clevenger:

I wish to express my gratitude for your recent help and advice. As you know, my client is a recent graduate of your concealed carry program who went on to receive his concealed carry permit from the Summit County Sheriff's Department. Unfortunately he was recently forced to call on his training when a knife wielding individual attacked his teenage son. Using the skills developed in your program, my client was able to subdue the perpetrator at gunpoint and turn him over to the police.

Imagine our surprise when those same police officers also arrested my client for "carrying his gun outside his home" and "unlawfully restraining" the criminal involved. Fortunately, you agreed to come to court and testify regarding Ohio's Concealed Carry Statute and as it turned out, the information you had given your student was more accurate than what was provided to the police officers involved. I strongly believe it was your expertise and that of your program that convinced the jury that my client was within his rights and not guilty of any wrongdoing.

Please share my recommendation with your students so that they will know that they can count on you and the quality of their training.

Sincerely,

Jonathan T. Sinn
