

Hi, Dan - I hope you are well, I have thought of and spoken of you often to others. I previously wrote and mailed a letter to you that ended up being returned to me, so I thought I would just email you this time - I trust it works.

I want to thank you for the CCW course that I took with at the end of January, 2010. It was an excellent course and you taught it well. I had no problem obtaining my Ohio CCW as well as my PA CCW. Though I still need much practice, I feel much more comfortable and confident with my firearm since taking your course. In my talks with others who have taken similar courses, they have sensed some things lacking in their training and are considering re-taking it with you, and I hope they do that.

As a pastor, the care and protection of our congregation is constantly on my mind. I am grateful that I feel better prepared to physically protect them in addition to the spiritual ministry I have to them. And we have begun more serious talks regarding a formal "security" ministry here. It is something that has been long overdue in coming.

I look forward to taking your advanced courses as time and funds permit. All of this is a fairly new "venture" in life for me, but it is exciting and rewarding - thanks for making it this to all you teach.

God bless,

Don Workman, pastor
